[Verse]
She's got a little bit of something, God it's better than nothing
And in her color portrait world she believes that she's got it all
She swears the moon don't hang quite as high as it used to
And she only sleeps when it's raining
And she screams and her voice is straining

[Chorus]

```
         G    D C
She says baby
       D            G      D C     D
It's 3 am I must be lonely
              G    D C
When she says baby
             D                          Em
Well I can't help but be scared of it all sometimes
         C
Says the rain's gonna wash away I believe it
```

[Verse/Bridge]

She believes that life is made up of all that you're used to
And the clock on the wall has been stuck at three for days, and days
She thinks that happiness is a mat that sits on her doorway
But outside it's stopped raining

[Chorus]

```
         G    D C
She says baby
       D            G      D C     D
It's 3 am I must be lonely
              G    D C
When she says baby
             D                          Em
Well I can't help but be scared of it all sometimes
         C
Says the rain's gonna wash away I believe it
