Chicken Fried

[Intro]
|G |D |C |D

```
                        G
You know I like my chicken fried
                  D
Cold beer on a Friday night
                        C
A pair of jeans that fit just right
                G   D   G
And the radio up
```

[Instrumental]
|G |D |C |D

[Verse 1]

```
            G                       D                   C
Well I was raised up beneath the shade of a Georgia Pine
             D
And that's home you know
  G               D                   C               D
Sweet tea, pecan pie, and homemade wine where the peaches grow
     G                  D               C   D
And my house it's not much to talk about
         G                          D                   C       D
But it's filled with love that's grown in southern ground
```

[Chorus]

```
                        G
And a little bit of chicken fried
                  D
Cold beer on a Friday night
                        C
A pair of jeans that fit just right
                G   D   G
And the radio up
                      G
Well I've seen the sun rise
                      D
See the love in my woman's eyes
                        C
Feel the touch of a precious child
                      G D G
And know a mother's love
```

[Verse 2]

```
       G                    D                    C          D
It's funny how it's the little things in life that mean the most
       G               D                        C                 D
Not where you live, what you drive, or the price tag on your clothes
             G                D
There's no dollar sign on a piece of mind
  C                 D
This I've come to know
       G                    D
So if you agree, have a drink with me
            C              D
Raise you glasses for a toast
```

[Chorus]

```
                        G
And a little bit of chicken fried
                  D
Cold beer on a Friday night
                        C
A pair of jeans that fit just right
 G              D
And the radio up
                      G
Well I've seen the sun rise
                      D
See the love in my woman's eyes
                        C
Feel the touch of a precious child
                        D
And know a mother's love
```

[Instrumental] x3

|G |D |C |D

[Verse 3]

```
         G
I thank God for my life
             D
And for the stars and stripes
             C                    G   D
May freedom forever fly, let it ring
            G
Salute the ones who died
              D                                        C
The ones that give their lives so we don't have to sacrifice
                    G  D G
All the things we love
```

[Chorus]

G
And a little bit of chicken fried
D
Cold beer on a Friday night
C
A pair of jeans that fit just right
G D G
And the radio up
G
Well I've seen the sun rise
D
See the love in my woman's eyes
C
Feel the touch of a precious child
G D G
And know a mother's love

[Chorus 2]

G
Get your little chicken fried
D
Cold beer on a Friday night
C
A pair of jeans that fit just right
G D G
And the radio up

And know a mother's love
